DETAILED ACTION

Election/Restrictions

1. Claims 15 and 16 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 7.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1 and 8 rejected under 35 U.S.C. 102(b) as being clearly anticipated by **Taylor (6,020,863)** (see. Fig.1, col.1, lines 1-17,31-37).

Allowable Subject Matter

4. Claims 2-7,9-13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
5. The following is a statement of reasons for the indication of allowable subject matter: the cited references has failed to teach the recited claim limitations “***analog-to-digital converter and converter logic coupled between the receiving means and***
